

LIMITED WARRANTY

This is the only express warranty for this product and is in lieu of any other warranty or condition. This warranty supercedes all other product warranties.

This product is warranted to be free from defects in material and workmanship for a period of two (2) years from the date of original purchase; however, the stainless steel blade and motor drive coupling are warranted to be free from defects in material and workmanship for the life of the product.

This warranty does not cover parts subject to wear from normal use (for example, brushes, cutter assemblies, and agitators), use not in conformity with the printed directions, or damage to the product resulting from accident, alteration, abuse, misuse, or subjecting it to any voltage and waveform other than as specified on the rating label. This warranty extends only to the original purchaser. Keep the original sales receipt, as proof of purchase is required to make a warranty claim.

We exclude all claims for special, incidental, and consequential damages caused by breach of express or implied warranty. All liability is limited to the amount of the purchase price.

Every implied warranty, including any statutory warranty or condition of merchantability or fitness for a particular purpose, is disclaimed except to the extent prohibited by law, in which case such warranty or condition is limited to the duration of this written warranty. This warranty gives you specific legal rights. You may have other legal rights that vary depending on where you live. Some local laws do not allow limitations on implied warranties or special, incidental, or consequential damages, so the foregoing limitations may not apply to you.
